### SUFFER

no longer from Dyspepsia, Indigestion, want of Appetite, loss of Strength, lack of Energy, Malaria, Intermittent Fevers, &c.

**BROWN'S IRON BITTERS** never fails to cure all these diseases.

Boston, November 26, 1881.

Gentlemen:—For years I have been a sufferer from Dyspepsia, and could get no relief (having tried everything which was recommended) until, acting on the advice of a friend, who had been benefited by Brown's Iron Bitters, I tried a bottle, with most surprising results. Previous to taking Brown's Iron Bitters, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking Brown's Iron Bitters, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person.

Mrs. W. J. FLYNN,  
30 Myerick St., E. Boston.

**BROWN'S IRON BITTERS** acts like a charm on the digestive organs, removing all dyspeptic symptoms, such as tasting the food, Belching, Heat in the Stomach, Heartburn, etc. The only Iron Preparation that will not blacken the teeth or give headache.

Sold by all Druggists.

## THE OPIUM JOINTS.

Several of the Pacific coast papers are maintaining a very active war against the opium joints and their customers. The evil is spreading with alarming rapidity on this coast. Nearly three times the quantity of the drug is consumed now that there was six years ago. In many places young boys, and even women claiming respectability, are given to "bitting the pipe." Reno is not behind her sister towns, either. She uses as much, perhaps, as any town of the size in the country, and, unless arrested, the pernicious habit will inflict untold misery upon the community. Opium-eaters and smokers should be banished to the lepers' island in Oceania, and there be allowed to "hit the pipe" to their heart's content, but they ought not to be allowed to remain in a civilized community to debauch and disgrace young men and women.

## EDITORIAL NOTES.

Missouri's Knights Templar are coming to California in a ball-room car, or at least one that can be cleared and used for dancing whenever the monotony of the trip hangs heavily on the hands of the excursionists. A string band will accompany the train. What do the old pioneers, who made the trip in ox teams in 1849 think of this? They little dreamed, as they toiled across the plains at a snail's pace and in imminent danger of their lives from the attacks of savages, that they would live to see people dancing over the Rocky Mountains to the music of a string band.

The story that the Postmaster-General is considering the plan of compelling the Chicago letter-carriers to wear knee-breeches was, no doubt, started as a joke; but, as is so often the case with hoaxes, it seems to have been received by the carriers in dead earnest. They have held a meeting and made a formal protest against knee-breeches, resolved to resist the innovation to the bitter end, sent deputations to the four Chicago Congressmen, urging them to lobby the Department against it.

A California Republican who voted the Democratic ticket last Fall and has not been exactly satisfied with the subsequent doings at Sacramento, writes to a San Buenaventura paper to ask: "What did I gain by voting for Democrats? was it the satisfaction of feeling that I was an Independent ass?"

The little shindy between France and China is not likely to amount to much. If pressed to closely the Mongolian has in reserve both Germany and England.

The Ogden Pilot recommends the contribution of funds for the relief of the Mississippi flood sufferers.

"Colonel," is becoming low. If you want to taffy a man all over now call him "Boss."

## TELEGRAPHIC BRIEVITIES.

Information has been received at the War Department that Major Nickerson sailed for Europe June 16th.

The Italian Government has ordered quarantined all vessels arriving from Egypt. The French Government has issued a like order.

Archbishop Wood's last will and testament was admitted to probate yesterday. He bequeaths all his effects, real and personal, to his successor in office.

## An Important Rent Decision.

The Court of Appeals has rendered a decision in the important test case of *Chase vs. Nelson*, on which 40,000 other cases depended. The Court held that new rents became payable from the first gala day after the act was passed, and not from the day when they were fixed by the Commissioners.

## EASTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

**Foreign Paupers—Secretary Folger Gives His Instructions to Collector Robertson.**

WASHINGTON, June 27.  
The following is a copy of the correspondence, conducted by telegraph, between the Secretary of the Treasury and the Collector of Customs at New York in regard to the pauper immigrants:  
NEW YORK, June 26.—Hon. Charles J. Folger, Secretary of the Treasury: The Commissioners of Immigration notify me of the arrival, per steamer Furness, after they have landed, of 66 families from Ireland. The Commissioners do not certify in the language of the law that the immigrants are unable to take care of themselves, but that they are from poor-houses, their passage having been paid by the British Government, and nearly all the heads of families furnished with drafts for small amounts. These persons having landed, please instruct me what action, if any, I shall take under the law. The immigrants are being detained by the Commissioners. (Signed): A. H. ROBERTSON, Collector.

WASHINGTON, June 27.—Collector of Customs, New York: Though it is inferable from the report of the Commissioners that the immigrants spoken of in your telegram to-day are within Section 2 of the Act of 1882, the section gives you jurisdiction only when the Commissioners report their conclusions, as well as, or instead of, the facts. Refer the case back to them for judgment whether these persons are unable to care for themselves without becoming a public charge. If the Commissioners report affirmatively, put the persons back on the vessel and do not permit them to land. If negatively, or if they decline to report their conclusion, let the immigrants depart. (Signed): C. J. FOLGER, Secretary.

LONDON, June 27.  
The News this morning says: It is perfectly within the Americans' right to prevent the landing of Irish paupers on their shores. The gross negligence in shipping them is most cruel. If assisted emigration continues it must be conducted differently. There is no reason to believe that the Government has co-operated with any other agency than Mr. Tukes. But mere inaction is not now enough.

**Decided to be Constitutional.**

COLUMBUS, O., June 28.  
The Supreme Court to-day gave out its opinion in the State liquor tax law case, holding it as valid and constitutional, except the second sections, where it is held not to apply to leases executed prior to the passage of the act; as no contracts made can be violated. Leases, however, entered into subsequent to the passage of the law, came within its provision the same as rentals, wherein the collections of the tax is a first lien on the premises; holding that to subject a freeholder, as provided by the statute, when made against a tenant for carrying on business upon the premises of the lessor, prior to the passage of the statute, would be an unwarrantable interference with private property, subjecting one man's property to the payment of another's debts. If this infirmity can be taken out of the State by applying it only to cases arising under a lease executed after the passage of the statute it is our duty so to construe it. Every presumption must be taken in favor of the validity of the statute to subsequent leases only, if necessary to preserve it from constitutional objections.

**An Important Mail Arrangement.**

WASHINGTON, June 28.  
Arrangements have been completed between the Postoffice Department and the Republic of Mexico for an overland exchange of mails between the office of San Diego, Cal., and Tijuana, Mexico, to commence on the 1st proximo. The exchange for the present will be semi-monthly, and the mail sent from San Diego should include all correspondence for Tijuana and Real Del Castillo, and that for other destinations in Lower California may also be forwarded in this exchange, if specially addressed to go by San Diego.

**Dr. Hathaway, the Abortinist, Sentenced.**

PHILADELPHIA, June 28.  
Dr. Isaac Hathaway, in the cellar of whose residence the remains of many infants were found buried, was convicted of having performed criminal surgical operations upon a servant girl, in April, 1881, and was sentenced to pay a fine of \$500, and undergo imprisonment for 7 years, the fullest extent of the law.

**Hunt's Wedding.**

WASHINGTON, June 27.  
The marriage of Lieutenant Hunt, of the navy, and Miss Drumm, daughter of adjutant General Drumm, occurred this morning. President Arthur, Secretary and Mrs. Lincoln, and Secretary and Mrs. Chandler, were present, as were also most of the prominent army and navy officers stationed here.

## WESTERN TELEGRAMS.

[PRESS DISPATCHES TO THE GAZETTE.]

**SAN FRANCISCO NEWS.**  
**Killed by the Cars—The Denver and Rio Grande Cutting Down Time.**

SAN FRANCISCO, June 28.  
The Eagle Borax and Borate Acid Mining Company has been incorporated to mine in Big Hole, Death Valley, Inyo county, California. Capital stock, \$100,000.  
Helen Harley, a widow 70 years old, was run over and killed this morning while walking on the Central Pacific railroad track, on 29th street.  
General Passenger Agent Ninis of the Denver & Rio Grande railroad says that a trip from Ogden to Denver, which now occupies nearly 40 hours, will be reduced July 1st to 35 hours.  
Buffet cars are to be used on the Central and Union Pacific roads after next week.

Yesterday Wm. Bedell, agent for the New York Central and Hudson River Railroad, received a telegram stating that that line would soon run dining cars from Niagara Falls and Buffalo to New York after July 1st. This will give through passengers the luxury of dining on the Buffet cars all the way from San Francisco to New York.

**Crops in California—A Chinese Will.**

SAN FRANCISCO, June 28.  
Reports from all quarters of the State show that the damage by the northern in May is not so great as was feared at the time. The losses on wheat were made up by hay and barley. The fruit crop will be enormous. What is believed to be the first will of a Chinese, has been filed for probate. The testator leaves half his estate to his wife, the other half to be equally divided between his son and daughter.

## FOREIGN TELEGRAPH.

[PRESS DISPATCHES TO THE GAZETTE.]

**Attempted Assassination.**

LONDON, June 28.  
A desperate attempt was made in a carriage of the railroad train running from Calais to Paris, to murder and rob Rev. Mr. Witchburn, an English clergyman. The murderer attacked Witchburn with a chisel, striking him five times. The assassin tried to make his escape when the train arrived at Amiens, but was captured after a terrific struggle. The wounds of the clergyman are very dangerous, and it is not expected he will survive them. The assassin was also an Englishman.

**Dismissed from Service.**

LONDON, June 27.  
The Court-martial which has been investigating the case of the stranding of Her Majesty's dispatch steamer, Sively, near Stoneway, in the early part of this month, find the vessel was lost through an error of the pilot, but the officers are answerable for her loss in not closely watching the pilot. The commander, navigator and lieutenants of the Sively are therefore dismissed.

**Arrival of the American Rifle Team in England.**

LONDON, June 28.  
Owing to the late hour of the arrival of the steamer Alaska, from Liverpool last evening, the reception to the American rifle team did not take place. The team left Liverpool this morning for Birmingham, where they will remain for practice; the ranges at Wimbledon not being available.

BIRMINGHAM, June 28.  
The American rifle team has arrived and are the guests of the Midland Rifle Club. The team will remain here until Tuesday next.

JOTTINGS.

Crushed-strawberry is the latest and most fashionable color.

Fifteen more car loads of steel rails for the C. & C. arrived yesterday.

If the house-wife will call at A. J. Clark's she can buy more for less money than in San Francisco.

J. F. Myers has carpeted his drug store, making it one of the neatest business places in the State.

Butter, eggs and choice family groceries at J. K. Everett's at all times. Jack knows how to keep a grocery store.

The black caterpillar has made its appearance in Reno and is stripping the leaves off of shade trees in nearly every yard in town.

If you don't think Knowles and Bainbridge carry a good stock call and see. You can't call for anything in the hardware line that they don't keep.

Something over two hundred emigrants went west last evening; the most of whom seem to think their fortune will be secured within a few days after their arrival upon the Pacific coast.

It is a public calamity that those brass-horn tooters in the 5-cent beer saloon cannot be made to understand that their music sounds much better from the back room than from the front.

George Becker's Saloon is crowded every evening. His celebrated Pacific beer is the attraction. No better or more healthful drink for a hot summer day is manufactured than Becker's beer.

Parties holding checks for the San Francisco excursion will please call on P. H. Mulcahy and have them exchanged for Central Pacific R. R. tickets. At J. Bowman's store, on Thursday and Friday evenings.

A. Lindley & Co. are taking every trick. When they go for a contract they get it. They have just been awarded the contract for furnishing the asylum with groceries for another six months. This store is the busiest place in town.

Charley Moeller, the popular landlord of Steamboat Springs, has made every possible effort to render that delightful resort the most enjoyable in the State for picnic parties or those who are looking for a quiet and healthy resort. His prices are about one-half the rates of former times.

The recent extensive purchases made in San Francisco by Aaron Abrahams, of the White House clothing store on Commercial Row, will begin to arrive this evening. This, unquestionably, is by far the most extensive clothing emporium in Nevada. Call and examine; it costs nothing.

The music and dancing to take place at Steamboat Saturday has nothing whatever to do with the picnic given by the Methodist Sunday school, but is an arrangement of Mr. Moeller's. He engaged a band of music, and concluded that if anyone wished to dance they could use his large hall for that purpose.

John Sunderland, the pioneer boot and shoe man of Reno, continues to please his patrons, and, per consequence, to prosper. Mr. Sunderland says, no one in any kind of business is ever heard to complain of a want of patronage, who understands the secret of advertising, and knows enough to keep what the people want.

A philosopher, who observed two girls hugging each other, immediately announced that there was a singular waste, or rather misapplication, of energy in this country. His wife is also a great philosopher, and she states that F. Levy & Bro. are doing more to make the ladies of this section happy than any other dry goods firm in the country. She says that their goods are of the latest styles, and their prices lower than the lowest.

A LABOR FAMINE.

More Muscle Wanted to Gather the Crop of the County.

The farmers of Western Nevada, as well as in a great portion of California, are in great need of harvest hands. The Red Bluff Cause says that farm hands are very scarce in that section, and that the farmers are now in the midst of heading and threshing the wheat crop and require the help of a large number of men. The farmers in Sierra Valley are also in great need of laborers. The hay crop in this valley is actually suffering for the want of help enough to properly cure it. H. M. Frost, R. H. Kinney, Geo. Alt, John Boynton, J. C. Smith, A. A. Lougley, George Douglass, and, in fact, nearly all the ranchers on the Meadows are in great need of help and are hiring everything from an Indian up (or down, just as you like it). Wages range from \$35 to \$50, per month. One hundred men could find work in this valley, alone.

Train Delayed.

On account of some delay on the Union Pacific, the west-bound passenger train did not arrive until 2:05 this morning.

UP IN OREGON.

How to Distinguish Between a Thriftless Squatter and an Industrious Farmer.

Louis Dean made a tour through Southern Oregon a short time ago, and, in his humorous way, tells of queer experiences among the Ya-hoos, original Web-feet and newcomers, of which the population is composed. Among the settlers is a thriftless element, made up of families who would be dissatisfied in Paradise. They live in a comfortable manner, making no exertion to improve the land they have pre-empted, and look with disdain upon a neighbor who tries to live in a civilized manner. One day Dean rode up to a cabin that bore unmistakable evidence of premeditated poverty and thriftlessness, and addressed a slouchy-looking man and still slouchier-looking woman. Bestowing upon them one of the fascinating smiles for which he is noted, with a knightly salutation, he inquired:

"Have you grain for sale? I wish to feed my horse."

"No—don't raise none; can't sell it," was the reply.

"Got any hay?"

"No."

"What do you raise here?" inquired Louis, surveying the squalid wreck about him.

"Don't raise nothin'—no market."

Then Dean's eye happened to catch sight of a whitewashed fence and out-houses a quarter of a mile away, and he blandly asked:

"Who lives over there?"

Then the thriftless pioneer disdainfully curled his under lip as he ejected a catarnet of spittle, and jerked out angrily:

"Dunno what's the name of the derned ornery cuss, but anybody can tell he's a Yank, 'cause he's got a privy (the d—d fool), and it's got a door to it, too."

"Yes," chimed in the woman, who had been sucking a corn-cob pipe, "them wimmin up yonder are mighty peart along with their new caliker and store fixin's."

Dean thought he had heard enough, and bidding them good-day he rode off to the neighbor's. Here he found a cosy dwelling, with well-arranged barn and yard, substantially fenced, and all neatly whitewashed. At the door he was met by a well-appearing man, who courteously greeted him and invited him into the house, where he was welcomed by a well-dressed matron and tidy children. Everywhere there was evidence of thrift and comfort. He found the barn well-filled with grain and hay, and there seemed to be everything to make a farmer contented. Louis wondered how it was that there could be such a radical difference between two places not half a mile apart, and came to the conclusion that it was all owing to the industry and perseverance of the d—d fool who built that little house "with a door to it." Hereafter he will accept it as a sign of thrift and industry.

CONCLAVE NOTES.

Preparations For Entertaining Visiting Knights Actively Going On in San Francisco.

The Post says: Mrs. Charles Crocker has ordered her gardener to lay out in crimson flowers, bordered with yellow, a large and elegant Maltese cross, with sword and crown, on the lawn to the west of her elegant residence on California street, corner of Taylor. This is a very graceful act on the part of the lady named, and one which the Knights Templar thoroughly appreciate.

A book has been opened at the headquarters, No. 26 Montgomery street, for the registration of the names of all the visiting Knights. Postmaster Backus has arranged it so that letters intended for Knights from abroad can be sent to the headquarters, where they will be distributed, a very handsome pigeon hole case having been established there for the purpose.

Temple Commandery, No. 38, Missouri, will participate in August. John Talbot of Sacramento Commandery, and W. C. Stroud of Golden Gate Commandery, San Francisco, A. J. Wightman of Marysville Commandery, A. W. Foster and Timothy Hopkins of the California Commandery, have accepted the invitation of the Grand Captain General, R. H. Lloyd, to act as aids on the occasion of the Conclave.

THE AMERICAN TEAM.

James Gordon Bennett gives his Check to enable the Bullseye Hunters to Go to Europe.

Lovers of the rifle in New York felt humiliated for several weeks because of the fact that our American team, which had undergone a severe and costly practice, was unable to collect enough money by public subscriptions to convey them to England to meet and contest with the English team at Wimbledon. They had about given up the idea of making the voyage, when James Gordon Bennett, of the New York Herald, sent the American team a check for \$2,500 to pay their expenses. This sum will be ample for the purpose intended, and another credit mark will be put down to Mr. Bennett for his generosity.

Unhappy Eureka.

Eureka will not celebrate. This looks bad for the town. The Sentinel breathlessly remarks: "If we can't have a Fourth of July celebration, let's all go on a picnic. But where in — will we go to?"

PERSONALS.

Senator P. N. Marker is in town to-day.

Capt. Chapman, from Tahiti, went east this morning.

M. Brandenstein, a heavy cattle man from San Francisco, is in Reno to-day.

Congressman Cassidy is still in San Francisco enjoying the sea breeze.

Mrs. Fenner and child were passengers on the Fort Bidwell stage this morning, for Alturas.

Ex-Sheriff W. A. Walker is in town looking after the interests of a San Francisco wholesale house.

Capt. J. B. Overton, Col. Isaac L. Requa and W. H. Smith came up from below this morning enroute to Virginia.

President Arthur is coming west with General Sheridan, and may possibly visit the Coast. Everybody would be glad to see him.

Secretary of State Dornier came down from Carson last evening and spent the night upon the cooling banks of the Truckee.

W. H. Joy, lieutenant of the guard at the State Prison, was in town yesterday shaking hands with his old Washoe county friends.

From a gentleman who recently arrived from Bodie, it is learned that Hon. J. D. Minor, who, for eight years held the office of Secretary of State in Nevada, and the biggest and kindest hearted man who ever held an office in this State, is at present the landlord of the boarding house at the Syndicate mill. Jim's many Nevada friends are all hoping he may find another Standard.

A DISGUSTED PROSPECTOR.

He Thinks He Can Find a Better Mine in Pyramid Than in Mexico.

Antone Dragovich returned this morning from a trip to Mexico, where he remained nearly a month—long enough to learn that it was not a good country for him to locate in. In the interior of Durango he found some promising mines that were being worked by American companies, who were prepared to protect themselves and maintain their acquired rights in case of necessity; but for one or two miners to attempt to prospect, he says, would be foolishness. The country is rough and the climate execrable and food abominable, tortillas and frijoles being the main staples. He started for the placer mining excitement at Moleje, in Lower California, but turned back disgusted, and made his way to Reno as soon as possible, with the intention of resuming work on the Roma-Union mine in Pyramid district, which he has more faith in than anything he saw during his absence.

Closing Exercises of the Reno Public School.

The large school of the Reno public school building was beautifully and tastefully decorated this morning, preparatory to the closing exercises of the present school year. The following programme was fully carried out and all acquitted themselves with credit:

Reno Sheep Attracting Attention at Salt Lake.

A letter received here yesterday from Robert Branton at Salt Lake states that he is doing remarkably well with the Merino sheep he took from here some time ago. The fine bucks bring good prices, and are much admired by the sheep men of that section. Bob has some little business tact about him, as evidenced by the fact that when a California speculator arrived at Salt Lake with a band of stock sheep for sale, he bought the whole lot, so as to corner the market and have it all to himself.

The Alfalfa Crop.

The farmers, who are now all busy cutting their alfalfa report the crop superior to that of last year. The wisdom of feeding their hay on their own ranches is more than demonstrated by D. C. Wheeler, who fed between 9,000 and 10,000 sheep last winter upon his place, and per consequence, will cut over 800 tons of hay this summer.

The Scale Bug.

Santa Clara county, Cal., is rejoicing over a parasite that is killing the scale bug. It doesn't matter that the new bug eats a tree clean in one night, so long as the orchardists get even on the scale bug. Revenge is sweet, even if you don't lay in a cent at it.

Attention.

All members of the Reno Fourth who wish to take part in the Fourth of July celebration at Virginia City, are ordered to meet at their Armory this evening, at 8 o'clock sharp, in full uniform.

T. F. LAYCOCK, 1st Lieut., Comd'g.

TRUCKEE ITEMS.

Scraps of Interest From a Lively Camp.

The following items are clipped from the Republican of June 27:

There are quite a number of guests at Webber and Independence lakes.

Considerable improvements are being made among the residents of Truckee.

About 25 Truckeeites spent the day at Independence lake Sunday last. They report fishing splendid, and a general good time.

Tourist travel continues brisk. Moody took up 22 passengers to Tahoe Sunday morning, 12 Monday morning, 21 Tuesday and 13 this morning.

Nat Durney is making some needed improvements in the interior of his store. The large office is to be removed back, and shelving put up to display goods.

George McCabe, who was stabbed about 10 days ago by W. Roulette, made his appearance on the street yesterday, for the first time since the affray. He will be able to attend to his duties in a short time.

A committee consisting of Mrs. Curless, Mrs. J. A. Van Arsdale and C. F. McGlashan were around Monday soliciting contributions for Rev. W. R. Carver's salary. They were everywhere well received, and report \$250 subscribed.

Walter Burkhalter arrived in Truckee Sunday morning, after a four months' absence. Walter and Frank Hasty are now located in Ashland, Jackson county, Oregon, and are doing a prosperous business. They are both well pleased with their new location. Mr. B. took his departure Monday evening for Ashland.

Many of the Sierra valley dairy-men ship their butter to Nevada City, Grass Valley, Sacramento and San Francisco by Wells, Fargo & Co.'s express. G. Q. Buxton gives them special rates, which enables them to ship in this way nearly as cheap as slow freight, and it is much safer. It is thought that a larger percentage will be shipped this way this season than ever before.

Try the Experiment.

A great many farmers north of Reno are raising rye hay without irrigation. They drill in the seed without ploughing, putting it in early in the fall, so that it gets all the early rains, and cut it after it grows to a good size, but before it ripens. It yields about three tons of hay to the acre, which is claimed to be better than alfalfa. They say all the land around Reno that is not too rocky would raise it at a good profit.

A Hint to the Commissioners.

An ordinance should be passed at once, prohibiting the throwing of paper and paper boxes into the streets. Somebody's nervous horse is going to give him a fearful shaking up some day, unless it is stopped. The leaving of unhitched horses in the street is also reprehensible. One runaway horse might start a dozen more. The attention of our County Commissioners is most respectfully invited to the above.

A Timely Warning.

While everything is so dry, constant vigilance should be exercised to guard against fire. The first thing that should be looked after in case of an alarm is the water. If every family in town would see to it that the hydrants in their yards were shut off at the first tap of the bell it would be of great benefit to the fire department. With a stream running from every hydrant in town the water would soon give out.

Asylum Supplies.

The Board of Commissioners for the care of the Insane met yesterday to award contracts for supplying the Asylum for the ensuing six months. A. Lindley & Co. were again awarded the contract for groceries, tobacco, etc.; R. P. M. Kelly will supply the institution with meats, and the Reno Lumber Co. and J. F. Aitkin were given the contract for furnishing wood.

Jonas Seely's Estate.

Cornelia Young Seely has applied for letters of administration upon the estate of the late Jonas Seely. The estate is valued at \$56,000, consisting of real estate in Oakland valued at \$20,000, one-half interest in the mine of Nevada valued at \$35,000 and personal property valued at \$1,500. The heirs are the petitioner, who is the widow, and has four children.

The N. & O. R. R.

The little engine, Santa Cruz, since its general overhauling at the V. & T. shops, is doing wonders. It is now doubling the road, an aggregate distance of 120 miles per day, besides the switching twice a day. Messrs. Bragg and Schooling have a large quantity of wood and lumber at the end of the track which they are shipping to Reno.

District Court.

In the case of Hoffman vs. Bonoh, on trial yesterday, the jury found for the plaintiff, and assessed the damages at \$150.

The case of Russell vs. Bergman, for mal-practice, is on trial to-day. This is the last jury case for the term.

Economise in Water.

In Carson people are permitted to irrigate their gardens only two days in the week. In Winnemucca they are only allowed water one hour a day. The water company here do not desire to interfere with persons any more than they can help, but they do not contract to furnish water all day and all night. They want the water pipes closed during the afternoon, and intend to enforce this rule.

A Chicago Merchant's Experience. After I had become almost skin and bone, with neither strength, appetite nor ambition left and the doctors couldn't help me, two bottles of Parker's Ginger Tonic cured me completely. M. B. Westcott, Lamp Mfr., Chicago. je25ml

Measles Among the Plutes.

For the past two weeks, says the Bodie Free Press, a number of Plutes have been sick with the measles. At least two if not three of the bucks have died of the disease. As soon as the deaths occurred the Plutes packed up their baggage and left for Mono Lake and vicinity. Nothing frightens an Indian more than the small-pox or measles, and it is a general rule that all the victims die.

The best preparation of iron a doctor can prescribe is Brown's Iron Bitters, because it does not injure the teeth as other iron medicines will.

A Grateful Editor.

THE COLLEGE INSTITUTE for the cure of special diseases and so-called incurable chronic diseases. Dr. Liebig's German Investigator is positively guaranteed to cure nervous and physical debility, seminal weakness, Loss of Manhood, Spermatorrhea, Loss of Energy, Ringing and Dizziness in the Head, Menstrual Disorders, Pelvic Inflammation, and all the results of youthful imprudence and excesses of mature years.

The Doctor, a regular college physician from Europe, will agree to forfeit one thousand dollars for a case the Investigator will not cure under special treatment and advice. The reason so many cases not get cured of Weakness and the above diseases is owing to competition called PROSTATOR-HEA, which requires peculiar treatment.

Dr. Liebig's Investigator No. 2 is the only positive cure for Prostatorehea. Price of either Investigator, \$2 per bottle; six for \$10. Sent to any address on receipt of price, or C. O. D. Responsible persons can pay when cured. Strictest Secrecy Maintained. Patients cured at home. Dr. Liebig's Dispensary has an Elegant Drug Store in its building.

Too frequent evacuations of the Bladder and Ropy Sediment in urine are symptoms of Secondary Seminal Weakness and Prostatorehea. Complaints readily yield to the DR. LIEBIG TREATMENT.

Ordinary Cases—Any recent case of special or private diseases cured for \$10. Remedies sufficient to cure will be promptly sent, with full directions and advice, on receipt of \$5. All packages are securely covered from observation.

Investigator samples Free.

To prove the wonderful power of the GREAT GERMAN INVESTIGATOR a 2 bottle of either number will be sent free of charge. Persons ordering a free bottle will have to pay expressage on delivery.
